

Cobequid Eco-Trails Society formed in 2007 and consists of a board of directors and members from Colchester County and surrounding areas. We are dedicated to the development, use, and promotion of trails for walking, hiking, cycling, cross-country skiing and snowshoeing. Through trail experiences, we encourage people to appreciate and become stewards of the natural environment.

From the hiking paths in the Cobequid Mountains to the trails along the shores of Cobequid Bay, local trails are wonderful places to be active, enjoy nature and learn about the history of our communities. We encourage you to get outside and explore!

About our logo... The circle represents the world; the shapes, the elevations of the Cobequid Mountains and the outline of the Cobequid Bay shoreline and islands. The French honours our Acadian history. The gold line through the mountains represents a trail. Green and blue are the colors of our landscape; gold represents our autumn and the treasure and legacy that trails are. We thank Joy Snihur Laking for creating our logo!
